

How to be a part of Food Safety City ?

- Consumers need to know how clean food is.
- Consumers must not ignore when find toxic food and recognize their rights and other people.
- Consumers must support good food service providers in order to encourage them. Try not to buy food from understandard food service providers.
- Consumers must immediately inform to authorities in case of suspecting on unsafe food.

Reach to food safety with the cooperation of everyone.

"See BMA Food Safety Certificate; Get Safety Food"

BMA Food Safety Certificate is issued by Bangkok Metropolitan Administration (BMA) to ensure confidence in food service providers that meet food safety requirements and standards. The Food Safety Certificate is validated for one year. Bangkok Metropolitan Administration will direct food service providers to follow the standards. If found violate, food safety label will be detained until food service providers develop their cleanliness and safety.

How confidence in a food safety label

Hygiene and clean place

Clean and safe food, without diseases and not contaminated
